Brand profile

- Architectural recessed lighting solutions for interior applications
- Serves corporate, government, institutional, higher education, healthcare, hospitality markets
- Specializing in optical design and brightness control
- Dedicated to understanding the unique character of light sources to present our customers with unparalleled style, design and control

3½" Round Downlight with Lens
Install from Below, 1100, 1500 and 2100 lumen

FEATURES

- 3" LED downlight optical systems are engineered to provide the aesthetic appeal of a small aperture while maintaining deep shielding and glare control.
- Primary reflectors can be substituted in the field to address application requirements.
- (Reference “the Universal installation plate” in this line) Tool-less adjustment tabs easily secure and accommodate all hard ceiling types and thickness from 1/4" to 1 1/2”.
- Xicato® XTM modules provide excellent even, stable color and increased fixture efficiencies. The XTM holds color consistency within 1x2 MacAdam Ellipses.
- Standard 83 CRI. Dimming is standard 0-10V/10%. Rated life is 50,000 hours at 70% lumen output.
- Add line about being available with IFB (install from below) mounting, or a traditional new construction mounting frame (TC).

NOTES

1. Artist Series™ 98 +/-3 CRI modules to 1500 lm. Contact factory for energy information.
2. Vibrant Series™, 83 CRI, 3000K only. Contact factory for energy information.
3. Vibrant Series™, 95 CRI to 1500 lm, 3000K only. Contact factory for energy information.
**FEATURES**

- The directional downlights optimize output while controlling glare in both directional and downlight applications through a discreet 3” aperture.
- The optical assembly is designed with locking capability to rotate 360° and angulate 30° to accommodate architectural aiming and control.
- Tool-less adjustment tabs easily secure and accommodate all hard ceiling types and thickness from 3/8” to 1 1/2”.
- Products are designed with MultiSource® plug and play connectors allowing field conversion to other sources.
- Xicato® XTM modules provide excellent even, stable color and increased fixture efficiencies. The XTM holds color consistency within 1x2 MacAdam Ellipses.
- Standard 83 CRI. Dimming is standard 0-10V/10%. Rated life is 50,000 hours at 70% lumen output.

**ENERGY STAR®**

4 3/8" Round Directional Downlights with Lens
1100, 1500, 2100, 2800, 4000 and 5000 lumen

FEATURES

• This generation of directional downlights optimizes output while controlling glare in both directional and downlight applications.

• The optical assembly is designed with locking capability to rotate 360° and angulate 35° to accommodate architectural aiming and control. Products are provided standard with a Solite lens.

• Xicato® XTM modules provide excellent even, stable color and increased fixture efficiencies. The XTM holds color consistency within 1x2 MacAdam Ellipses.

• Dimming is standard 0-10V/10%. Rated life is 50,000 hours at 70% lumen output.

ORDERING INFORMATION

EXAMPLE: F2335-213012D

NOTE:

1. Not available with 5000 lm option.

2. Artist Series® 98 +/-3 CRI modules up to 2800 lm. Contact factory for energy information.

3. Vibrant Series™, 83 CRI, 3000K only. Contact factory for energy information.

4. Vibrant Series™, 95 CRI up to 2800 lm, 3000K only. Contact factory for energy information.

5. Not available with REM option with 4000/5000 lm options.

6. Open housing top construction

*Open housing top construction
FEATURES

- LED wall washers are designed to illuminate walls uniformly top to bottom with distributions, featuring soft photometric patterns with excellent deep-shielded brightness control.
- The optical assembly is designed with locking capability to rotate 360° and is keyed to ensure that the cone is properly aligned for optimal performance.
- Products are designed with MultiSource® plug and play connectors allowing field conversion to other sources. Components are Zhaga compatible to accommodate future source options. Proprietary heat sinks ensure proper temperatures are maintained.
- Xicato® XTM modules provide excellent even, stable color and increased fixture efficiencies. The XTM holds color consistency within 1x2 MacAdam Ellipses.
- Dimming is standard 0-10V/10%. Rated life is 50,000 hours at 70% lumen output.

## FEATURES
- The 3 piece optical system produces a uniform pattern on the wall through a discreet 3 1/2” parabolic contoured square trim. The sealed corners and LED positioning allow the fixture to provide deep shielding and low brightness.
- Tool-less adjustment tabs easily secure and accommodate all hard ceiling types and thicknesses from 3/8”–1 1/2”. The frame allows for installation and serviceability from below the ceiling without jeopardizing the integrity of the ceiling.
- Products are designed with MultiSource® plug and play connectors allowing field conversion to other sources. New lighting technologies will be incorporated as they become available assuring continuity. Components are Zhaga compatible to accommodate future source options.
- Xicato® XTM modules provide excellent even, stable color and increased fixture efficiencies. The XTM holds color consistency within 1x2 MacAdam Ellipses.
- Standard 83 CRI. Dimming is standard 0-10V/10%. Rated life is 50,000 hours at 70% lumen output.

**NOTES**

1. Not available with 5000 lm option.
2. Artist Series® 98 +/-3 CRI modules up to 2800 lm. Contact factory for energy information.
3. Vibrant Series™, 83 CRI, 3000K only. Contact factory for energy information.
4. Vibrant Series™, 95 CRI up to 2800 lm, 3000K only. Contact factory for energy information.
5. Not available with REM option with 4000/5000 lm options.
J2333, J2335, J2337

4 1/2" Square Directional Downlights
1100, 1500, 2100, 2800, 4000 and 5000 lumen

FEATURES
- This generation of directional downlights optimizes output while controlling glare in both directional and downlight applications.
- The optical assembly is designed with locking capability to rotate 360° and angulate 35° to accommodate architectural aiming and control. Products are provided standard with a Solite lens.
- Xicato® XTM modules provide excellent even, stable color and increased fixture efficiencies. The XTM holds color consistency within 1x2 MacAdam Ellipses.
- Dimming is standard 0-10V/10%. Rated life is 50,000 hours at 70% lumen output.

NOTES
1. Not available with 5000 lm option.
2. Artist Series® 98 +/-3 CRI modules up to 2800 lm. Contact factory for energy information.
3. Vibrant Series™, 83 CRI, 3000K only. Contact factory for energy information.
4. Vibrant Series™, 95 CRI up to 2800 lm, 3000K only. Contact factory for energy information.
5. Not available with REM option with 4000/5000 lm options.

SUPPORT RAILS
- R2: 26" (Products designated FMH4 provided with FMBKT)
- R5: 52"

= Available for Velocity Quick Ship Program

- Open housing top construction

- Not available with 5000 lm option.
- Contact factory for energy information.
- Contact factory for energy information.
- Contact factory for energy information.
**FEATURES**

- Square LED wall washers are designed to illuminate walls uniformly with soft photometric patterns with excellent deep-shielded brightness control.
- The frosted Solite lens redistributes light both vertically and horizontally across the wall.
- Fixture housings are designed with MultiSource® plug and play connectors allowing field conversion to other sources.
- The fixture incorporates an aperture assembly which slides 1/4" in any direction and pivots 7° while maintaining optimum photometric performance.
- Xicato® XTM modules provide excellent even, stable color and increased fixture efficiencies.
- Standard 83 CRI. Dimming is standard 0-10V/10%. Rated life is 50,000 hours at 70% lumen output.
